

NEW MIAMI LOCAL SCHOOL DISTRICT

November 1, 2017

MS. RHONDA PARKER
SUPERINTENDENT

Dear Parents/Guardians,

MRS. ROBIN BONAR
TREASURER

On Wednesday, November 1, 2017, a lockdown was conducted for the purpose of a canine search for illegal substances. I am pleased to report that the canine search was conducted by the Butler County Sheriff's Department and no illegal substances were detected in our school. Unfortunately, the exterior search of our school grounds warranted probable cause of illegal substance suspected by the canines. The search was verified by additional canines.

The Butler County Sheriff's Department and the New Miami Local School District will be working collaboratively to address the findings.

The New Miami Board of Education and I will continue to take every opportunity to make the learning environment safe and conducive to learning for the students.

Sincerely,

A handwritten signature in black ink that reads "Ms. Rhonda Parker". The signature is written in a cursive style.

Ms. Rhonda Parker, Superintendent
